

## Story Bags

### Materials needed:

Canvas drawstring bag

Story props-can be purchased from a craft store or downloaded from the internet and laminated so they will last.

A great way to put a new spin on story time! Gather all your children together and start the story with "Once upon a time" or "Long long ago" and then pull a story prop out of the bag. Create a quick story around the item you pulled and then pass the bag to the child next to you. Encourage them to add to the story by talking about the item that they pulled out. This will continue until everyone has had the chance to contribute to the story. This is a great group activity that will encourage children to be creative and use their imagination.
