

# Frozen Paint Cubes

*Painting with frozen paint on a hot day is a fun and creative way to beat the heat! Its a great summer art project for preschoolers when it's really hot outside! Supplies: Ice Cube Tray, Paint, Popsicle Stick. Direction: Day before the project put paint in each tray with a little water than freeze overnight. (Let the children help it's a great group science conversation activity as well☺)*

The next day talk before you start the activity talk about the way the paint feel ( hot? Or Cold) Then let the children create. Enjoy☺ Ideal from Website: <https://handsonaswegrow.com/art-frozen-paint-cubes/> DRDP Preschool Measures: A4 A6 A7 S1 S2 S3 S4 L1 L3 L4
