

Letter Collages Activity For Preschoolers

I love letter collages! They are a great way for kids to practice and learn the letters of the alphabet. It helps them connect an object with a letter, which also helps build beginning sound skills!

Directions: Make a bubble letter d on a piece of white cardstock paper with a marker. Have the children trace the letter with a color Marker of their choice. Have your little one start scrunching up pieces of green tissue paper! Put glue ALL over the letter d. They will be filling up the entire letter with scrunches of tissue paper. Start placing the scrunches onto the letter. Create spikes out of orange cardstock paper and glue them on the curve of the d. Lastly, make a head shape using green cardstock paper and add a googly eye to finish your letter craft. Have Fun! ☺

Sponge Painting Alphabet For Preschoolers

Sponge painting is fun for the kids to work with, and the prints always turn out so pretty! The kids will love this art, the alphabet activity. It's a simple setup, and it's a great way to review letters.

Materials you need

- easel paper
- [sponges](#)
- [paint](#)
- [paint tray](#)
- pencil

Direction: On a piece of easel paper, create big bubble letters using a marker. Have the children trace the letter with the color marker of their choice. Cut some sponges up in a few strips! Have the kids dip the sponges into the paint and start to fill in each letter! They should tell you which letter they are working on! Have the children try to fill in as much of the letter as they can. **You can even work on color mixing for this activity to extend learning! Have Fun! ☺**
